INSTRUCTIONS

These pieces would look gorgeous painted with any of the Elements glazes. We chose these for their cool blue and turquoise tones.

Stein:

1. Paint the top third of the outside of the mug and handle with a generous coat of Sea Mist.
2. Next, paint the middle third of the outside of the mug and handle with a generous coat of Deep Water. Allow it to overlap with the Sea Mist.
3. Stir up Night Sky with the back of your paint brush to loosen the crystals on the bottom. Paint the bottom third of the mug with Night Sky allowing it to overlap with the Deep Water.
4. Repeat steps 1-3 again.
5. Paint the inside of the mug with 2 heavy coats of Deep Water.
6. Finally, paint the bottom of the mug with 2 heavy coats of Deep Water

Wine Glass:

1. Paint the top third of the outside of the glass with a generous coat of Sea Mist.
2. Next, paint the middle third of the glass with a generous coat of Tidal Pool. Allow it to overlap with the Sea Mist.
3. Paint the Bottom third of the glass with a generous coat of Aztec Jade, Allow it to overlap with the Tidal Pool.
4. Repeat steps 1-3 again.
5. Paint the inside of the glass with 2 heavy coats of Aztec Jade.
6. Finally, paint the bottom of the glass with 2 heavy coats of Aztec Jade.

These pieces will not get dipped into clear glaze so make sure to cover all of the white pottery with glaze.

Due to the organic nature of this product, each one will look different, that's the beauty of it!

TIPS

- This isn't going to be dipped into clear glaze, make sure to cover all of the pottery.
- The amount of paint that goes on will effect the color, we did 2 generous coats.
- No two will look the same due to the organic nature of this paint, that's what makes it so cool!
- The color will change drastically in firing, it's okay that it's red/brown!
